#### **MONTGOMERY AREA SD**

120 Penn St

Comprehensive Plan | 2023 - 2026

\_\_\_\_\_\_

### **MISSION STATEMENT**

The mission of the Montgomery Area School District, as the leader of an educational partnership with the community, is to ensure that all students will become independent learners, will acquire respect for self and others, and will attain the knowledge and skills needed to become successful, productive members in the ever changing global community.

## **VISION STATEMENT**

Students in the Montgomery Area School District will meet the standards necessary to compete in a global economy

#### **EDUCATIONAL VALUE STATEMENTS**

#### **STUDENTS**

We expect students to participate fully in their education, to foster collaboration with peers and other stakeholders in and out of the classroom as they prepare for lifelong success in both their lives and in their careers. Our students are encouraged to engage fully in innovative instruction, be willing to take risks, and continue to develop their resiliency. Students will also develop their social, emotional, and physical wellness.

#### **STAFF**

Prepare all students for lifelong success by providing a safe, secure, and stimulating learning environment, encouraging innovation, collaboration, risk-taking, and self-reflection. Provide rigorous and engaging curriculum to promote College and Career Readiness that meets the diverse learning styles of individual students and supports educational opportunity for all. Foster social, emotional, physical, wellness and resiliency among staff and students. Cultivate positive, productive relationships with parents, community, administration, fellow staff, and students. Promote critical thinking, communication, collaboration, and creativity among our students and encourage the academic, athletic, and social emotional growth of students.

### **ADMINISTRATION**

Prepare all students for lifelong success by providing a safe, secure, and stimulating learning environment, encouraging innovation, collaboration, risk-taking, and self-reflection. Provide rigorous and engaging curriculum to promote College and Career Readiness that meets the diverse learning styles of individual students and supports educational opportunity for all. Foster social, emotional, physical, wellness and resiliency among staff and students. Cultivate positive, productive relationships with parents, community, staff, and students. Promote critical thinking, communication, collaboration, and creativity among our students and encourage the academic, athletic, and social emotional growth of students.

#### **PARENTS**

Prepare students for lifelong success by encouraging innovation, collaboration, risk-taking, and self-reflection. Support the social, emotional, physical, wellness and resiliency development among students in their household. Cultivate positive, productive relationships with other parents, community, and staff. Encourage the academic, athletic, and social emotional growth of all students.

### **COMMUNITY**

Prepare all students for lifelong success by encouraging innovation, collaboration, risk-taking, and self-reflection. Support the social, emotional, physical, wellness and resiliency development among students in their household. Cultivate positive, productive relationships with other parents, community, and staff. Encourage the academic, athletic, and social emotional growth of all students.

# **ESTABLISHED PRIORITIES**

| Priority Statement  | Outcome Category  |
|---|---|
| With the adoption of new Science standards by PDE we will need to adjust our practice to implement the new curriculum.  | STEM  |
| Our current SAP program does not address all needs of our students. With the incorporation of MTSS principles in the secondary level, we will develop a more proactive and data-informed approach to support students learning and overall health & wellness. | Essential Practices 3: Provide Student-Centered Support Systems Other Parent and family engagement  |
| While we are above the state average for most groups at each grade level, we have yet to return to our pre-<br>Covid levels of performance.   | Essential Practices 1: Focus on Continuous Improvement of Instruction Other Industry-Based Learning |
| We are intending to increase the opportunities for students and growing our music education program participation by 25%  | Other   |

# **ACTION PLAN AND STEPS**

# **Evidence-based Strategy**

Multi-Tiered Systems of Support

### **Measurable Goals**

| Goal Nickname | Measurable Goal Statement (Smart Goal)  |
|---------------|---|
| MTSS          | Given professional development, resources, and support, our Junior/Senior High School will implement an MTSS program. |

| Action Step   | Anticipated<br>Start/Completion | Lead Person/Position   | Materials/Resources/Supports<br>Needed                                |
|---|---------------------------------|--|---|
| Plan for Implementation (including Needs Assessment), create MTSS committee, develop procedures & norms for data collection and analysis. | 2023-07-01 -<br>2023-12-31      | Kyle Brown, Director of<br>Student Services                        | MTSS Framework, Guide for<br>Implementation, Needs<br>Assessment      |
| Professional learning for Junior Senior High Teachers on MTSS and how to implement, audit of current practices in Tier I and II.          | 2024-08-19 -<br>2026-06-30      | Kyle Brown, Director of<br>Student Services                        | MTSS Framework, Guide for Implementation.                             |
| Professional Learning on the use of LinkIt for data tracking and analysis.  | 2024-08-19 -<br>2025-06-30      | Kelly Concini, Supervisor of Instructional Technology & Curriculum | Trainer & Materials, (Linklt) Ongoing technical assistance & support, |

# **Anticipated Outcome**

MTSS Secondary program to support student growth, achievement, and wellness.

## Monitoring/Evaluation

Kyle Brown (Student Services), Joe Stoudt (HS Principal), Tara Bozella (Dean), Denise Liscum (Counselor) will meet at the beginning, middle & end of each year to examine the impact of implementation and adjust as needed.

-----

## **Evidence-based Strategy**

Instructional Excellence

| Goal Nickname        | Measurable Goal Statement (Smart Goal)   |
|----------------------|--|
| Growth & Achievement | Given professional development, resources, and support, student growth and achievement will grow 3% or more in all ELA, Math, and Science each year. |

| Action Step   | Anticipated Start/Completion | Lead Person/Position                      | Materials/Resources/Supports<br>Needed |
|---|------------------------------|---|--|
| Differentiated Instruction  | 2023-08-21 -<br>2024-05-31   | Kyle Brown, Director of Special Education | Technology, materials                  |
| Curriculum Review and Pilot for Mathematics K-6,<br>Professional Development on curriculum. | 2023-08-21 -<br>2024-05-31   | Karen Snyder                              | Piloted materials.                     |
| Structured Literacy Professional Development  | 2023-08-21 -                 | Amanda Stoudt, Reading                    | Materias & trainer                     |

| Action Step | Anticipated Start/Completion | Lead Person/Position | Materials/Resources/Supports<br>Needed |

| Professional learning and support on implementing new standards and 3-Dimensional teaching | 2023-07-01 -<br>2026-06-30      | Karen Snyder & Joe Stoudt: Building<br>Principals; Kelly Concini; Supervisor of<br>Instructional Technology & Curriculum | 3-D Teaching professional learning through NGSS, STEELS Hub in SAS portal, on-going coaching. |

Full implementation of new science standards in an updated curriculum PK-12.

## **Monitoring/Evaluation**

Building Principals (Karen Snyder-Elementary; Joe Stoudt-High School), Supervisor of Instructional Technology & Curriculum Kelly Concini, Science teachers. Yearly review of progress toward full implementation of new standards.

## **Evidence-based Strategy**

Music Education

| Goal Nickname | Measurable Goal Statement (Smart Goal)   |
|---------------|--|
| Music         | Given access to appropriate instruments, the district will increase marching and concert band participation 25%. |

| Ac | tion Step  | Anticipated<br>Start/Completion | Lead<br>Person/Position       | Materials/Resources/Supports<br>Needed |
|----|--|---------------------------------|-------------------------------|--|
| Pu | rchase additional instruments for student use.   | 2023-07-01 -<br>2024-06-30      | Trey Fox, HS<br>Band Director | Instruments                            |
|    | ecruiting sessions for students in the elementary and middle school usic to encourage participation in marching and concert bands. | 2023-07-01 -<br>2026-06-30      | Trey Fox, HS<br>Band Director | Instruments                            |

Increased participation in concert & marching band.

## **Monitoring/Evaluation**

Building Principals (Karen Snyder-Elementary; Joe Stoudt-High School),

## **Evidence-based Strategy**

Curriculum & Instruction

| Goal Nickname | Measurable Goal Statement (Smart Goal)   |
|---------------|--|
| Curriculum    | The district will complete a comprehensive review of the articulation of curriculum from kindergarten through 12th grade and begin the process of revisions/updates to the curriculum. |

| Action Step  | Anticipated Start/Completion | Lead Person/Position   | Materials/Resources/Supports<br>Needed           |
|--|------------------------------|--|--|
| Review of curriculum articulation K-12   | 2023-07-01 -<br>2026-06-30   | Kelly Concini,<br>Supervisor of<br>Instructional<br>Technology &<br>Curriculum | PDE Standards, Curriculum templates, technology. |
| Expand apprenticeship & internship opportunities for students.   | 2023-07-01 -<br>2026-06-30   | Tara Bozella, HS<br>Dean of<br>Students  | Research & data from surrounding businesses.     |
| Revise & write curriculum as needed. Address any gaps uncovered in curriculum audits/review, address Act 158 in high school curriculum to ensure students will meet the necessary requirements for graduation by embedding them into curriculum. | 2023-07-01 -<br>2026-06-30   | Kelly Concini, Supervisor of Instructional Technology & Curriculum             | PDE Standards, Curriculum templates, technology. |
| Expand virtual course offerings through our virtual program  | 2023-06-30 -<br>2026-06-30   | Kelly Concini,<br>Supervisor of<br>Instructional                               | Virtual program materials.                       |

| Action Step | Anticipated<br>Start/Completion | Lead<br>Person/Position | Materials/Resources/Supports<br>Needed |
|-------------|---------------------------------|-------------------------|--|
|             |                                 | Technology &            |  |
|             |                                 | Curriculum              |  |
|             |                                 |                         |  |

Updated & re-written (where necessary) curriculum to better meet out students' needs. Improvement in student growth & achievement as well as college & career readiness.

## **Monitoring/Evaluation**

Daphne Bowers (yearly)

### **Evidence-based Strategy**

**Transient Student Support** 

#### Measurable Goals

| Goal Nickname      | Measurable Goal Statement (Smart Goal)   |
|--------------------|--|
| Transient Students | The district will develop a plan to support the increasing student transient population. |

Action Step

Anticipated Lead Materials/Resources/Supports

Start/Completion Person/Position Needed

| Action Step   | Anticipated<br>Start/Completion | Lead Person/Position                            | Materials/Resources/Supports<br>Needed                                    |
|---|---------------------------------|---|---|
| Research best practices to support transient populations.   | 2023-07-01 -<br>2024-06-01      | Kyle Brown, Director of Special Education       | Research  |
| Collect and examine data related to transient student population  | 2023-07-01 -<br>2024-06-01      | Kyle Brown,<br>Director of Special<br>Education | Data collected (test scores, screener results) in LinkIt, teacher surveys |
| Develop & implement a plan to address impact of transient students K-6; 7-12 and to provide support for these students. | 2024-06-01 -<br>2026-06-30      | Kyle Brown,<br>Director of Special<br>Education | Research, data collected  |

Implement a plan to provide support for transient students.

## **Monitoring/Evaluation**

Daphne Bowers (yearly), Building Principals (Karen Snyder-Elementary; Joe Stoudt-High School), Kelly Concini, Kyle Brown, Tara Bozella. Utilize data collected yearly to meet and discuss.

## **Evidence-based Strategy**

Career Readiness

#### **Measurable Goals**

| Goal Nickname    | Measurable Goal Statement (Smart Goal)  |
|------------------|---|
| Career Readiness | The district will expand internship and apprenticeship opportunities for students by 25%. |

| Action Step  | Anticipated Start/Completion | Lead<br>Person/Position | Materials/Resources/Supports<br>Needed |
|--|------------------------------|-------------------------|--|
| Increase student participation in apprenticeship and internship programs though our approved programs. | 2023-07-01 -<br>2026-06-30   | Tara Bozella            |  |

## **Anticipated Outcome**

Increased participation in internship and apprenticeship programs.

## **Monitoring/Evaluation**

Daphne Bowers, yearly review of participation.

## **Evidence-based Strategy**

Parent Engagement

### **Measurable Goals**

Goal Nickname Measurable Goal Statement (Smart Goal)

| Goal Nickname     | Measurable Goal Statement (Smart Goal)   |
|-------------------|--|
| Parent Engagement | We will increase parent engagement in the learning process through online and face-to-face interactions. |

| Action Step   | Anticipated Start/Completion | Lead Person/Position                      | Materials/Resources/Supports<br>Needed |
|---|------------------------------|---|--|
| Set up online registration of new students & emergency card online portal for all students. | 2023-07-01 -<br>2024-06-30   | Jeremey Rhoades,<br>Network Administrator | SIS, registration forms.               |
| Set up SIS portal with bussing information  | 2023-07-01 -<br>2024-06-30   | Jeremey Rhoades,<br>Network Administrator | Bussing routes & assignments, SIS.     |

Increased parent engagement with student information system.

### **APPROVALS & SIGNATURES**

### **Assurance of Quality and Accountability**

As Chief School Administrator, I affirm that this LEA Level Plan was developed in accordance, and will comply with the applicable provisions of 22 Pa. Code, Chapters 4, 12, 14, 16 and 49. I also affirm that the governing board reviewed the LEA Level Plan, as indicated in the attached official Board minutes and the contents of the plan are true and correct. Finally, I affirm that the plan was made available for public inspection and comment for a minimum of 28 days prior to approval by the school's governing board and submission to the Department.

Signature (Entered Electronically and must have access to web application).

Chief School Administrator

### ADDENDUM A: BACKGROUND INFORMATION TO INFORM PLAN

#### **Strengths**

ELA and Math Academic growth score

#### Percent advanced in ELA

Our current kindergarten demonstrated 61% proficient on Acadience Reading Composite score and Grade 1 demonstrated 67% proficient on the Acadience Reading Composite. It appears we are on the upswing after recovering from the pandemic.

#### Career benchmark

Although beginning of year CDT scores appeared relatively low, many student were in the high red range, nearly proficient.

Last year's PSSA scores revealed high numbers of students in the advanced range. Equally important is the low percentage of students in the Below Basic range.

TDA scores on the 21-22 PSSA's were the highest ever, with fourth grade demonstrating nearly 50% of students scoring proficient or advanced on the TDA.

Almsweb demonstrated relatively high beginning of year scores.

#### **Challenges**

Proficient or Advanced on ELA PSSA

#### Proficient or Advanced on Math PSSA

Our current fourth grade only had 39% proficient or advanced on Acadience Reading Composite. Last year this cohort ended the year with only 53% Proficient/Advanced. Whole grade level and individual interventions need to be accommodated.

#### Industry-based learning

Third grade demonstrated only 7% advanced on ELA PSSA. This year the same cohort began the year with only 20% proficient or advanced. Again, targeted instructional interventions for this cohort need to be implemented. The Craft and Structure reporting category consistently was the lowest category across all grade levels on the 21-22 PSSA at the Elementary Level. The current fourth grade scored low on the Vocabulary reporting category. This category historically has been one of our grade span's highest reporting category. Interventions for this group need to be carefully implemented. In grades 7/8, 13.6% of special education students scored proficient/advanced (state average unknown).

Sound foundational skills in math are a must to be successful with PA Common Core eligible content.

By the time our elementary students leave 6th grade, they are demonstrating PSSA Math scores well above the state average. Our scores on the Fractions reporting category in grades 3-5 have showed an improvement over the past years. Grades 3, 4, and 6 had low percentage of student in the Below Basic range. In grades 7/8, 45.3% of all students scored proficient/advanced (state average was 34.4%) and overall proficiency increased nearly 14% over 2021 results (45.3% - 2022 vs. 31.5% - 2021).

Keystone Algebra - 62.8% of first-time testers scored proficient/advanced (state average was 36.8%) while 36.6% of economically disadvantaged students scored proficient/advanced (state average was 17.1%)

#### Attendance

### **Graduation Rate**

Support schools in implementing evidence-based instructional strategies and programs to ensure all students have access to rigorous, standards-aligned instruction.

Allocate resources, including money, staff, professional learning, materials, and support to schools based on the analysis of a variety of data \*

#### Challenges

Keystone Literature - 22.2% of special education students scored proficient/advanced (state average was 18.7%).

Keystone Literature - 18.2% of retesters scored proficient/advanced (state average was 29.7%). This is an area we need to improve on to ensure students pass their Keystone in accordance with Act 158 requirements.

Grades 3-6 all demonstrated lower scores on the open ended prompts. Grade 3-5 scores on operations and Algebraic Thinking reporting category need to improve, as demonstrated on end of year PSSA and beginning of year CDT's. Geometry reporting category on PSSA remains low at the elementary level.

At the elementary level, low percentage of student in the advanced range on PSSA. We want to see above 25% Advanced. 9.1% of special education students scored proficient/advanced (state average unknown) in grades 7/8.

Overall student achievement on PSSA / Keystone across all grade groups.

Mathematics/Algebra - All student group did not meet interim goal

Science/Biology - All student group did not meet interim goal

We do not have any essential practices that are Emerging or Not

In grade 4, PSSA Science showed 35% advanced. PSSA Science showed 78% Proficient/Adv. We consistently score above the state average in Science. In grade 8, PSSA Science - 73.3% of all students scored proficient/advanced (state average was 62.2%)

Keystone Biology - Basic Biological Principles, Bioenergetics, Genetics, and Theory of Evolution were areas of strength among first-time test takers. Keystone Biology - 25% of economically disadvantaged students scored proficient/advanced (state average was 24.8)

Integrating STEM across all curricular areas has been a goal of our entire school for the past couple of years.

The use of science notebooks to foster higher order thinking is required at all grade levels.

Our growing social emotional interventions through our strong MTSS framework at the Elementary Level.

Our elementary students with IEP's receive daily targeted skill instruction to match IEP goals.

All students with IEP's receive support, modifications and accommodations in the regular education classroom.

Students with IEP's in Grade 6 demonstrated no scores in the

#### **Challenges**

Yet Evident

Keystone Algebra - 21.1% of retesters scored proficient/advanced (state average was 14.7%) while 21.7% of special education students scored proficient/advanced (state average was 7.8%)

During the pandemic, ELA and Math took time away from Science. We are now seeing our scores trend higher as in past year prior to the pandemic and academic recovery years.

We are currently in search of a systematic, spiraled science curriculum with a strong engineering component.

Although our menu of tier 2 and 3 interventions continues to increase, we continue to see a higher and higher need among our very young students for interventions.

The severity of mental health concerns among our young learners keeps increasing.

Our students with IEP's in ELA continue to struggle with reading demands of both ELA and Math PSSA tasks.

Our district is seeing a rise in transient students moving into our district with IEP's. They have not had the privilege of our strong pre-k, strong Core curriculums, and systemic MTSS system.

Behavioral support services for emotional support students.

Below Basic range.

At the elementary level, our strong MTSS framework has reduced the number of students needing IEP's.

Our pre-k program allows us to target students with potential learning issues at age 3 and 4.

Montgomery Elementary utilizes a Title I Math Interventionist to support student learning in addition to our three reading specialists. Our Math interventionist will address gaps in early mathematical learning.

Our Technology Plan incorporates a blended learning environment to support student learning anytime, anywhere. We leverage technology to deliver instruction as well as remediate and accelerate learning.

Our career readiness lessons provide much exposure to building skills for students to enter the workforce and Smart Futures has allowed us to streamline data keeping.

Our student services suite provides community and family supports to students including counseling, social work, and other behavioral supports.

Recruit and retain fully credentialed, experienced and highquality leaders and teachers

#### **Challenges**

Establishing an effective MTSS program at the secondary level to support students academic and behavioral goals. Intervention is challenging in the high school setting. At present, we do not have the staffing to accommodate intervention similar to the elementary school. And MTSS program at the secondary level would also assist the district in supporting our transient population.

Keystone Biology - 40.6% of first-time testers scored proficient/advanced (state average was 48%); 6.7% of resters scored proficient/advanced (state average was 12.4%)

In grade 8, PSSA Science - 0% of special education students (11) scored proficient/advanced (state average unknown) / Earth and Space Sciences (school average of 4.6) was the lowest reporting category

The number of student eligible to take the NOCTI is extremely low.

There exists a need to integrate career lessons in to existing curriculum to ease burden on the school counselor.

We are in need of instruments to support the growing band participation and support our goal of 25% increase in participation.

Foster a vision and culture of high expectations for success for all students, educators, and families

Ag Science courses have provided more options for students

Our music program is growing as student interest in band and chorus at the 4th, 5th, and 6th grade levels continues to grow.

-----

#### **Most Notable Observations/Patterns**

The number of transient students and the increased behavioral health needs of our students have impacted our students' academic performance. Coupled this with the disruption to learning as a result of the Covid-19 crisis and we have a clear uphill battle to meet the needs of our students. We're seeing some positive growth and recovery in many of students, but we still have some areas to address.

Challenges Discussion Point Priority for Planning

Keystone Literature - 18.2% of retesters scored proficient/advanced (state average was 29.7%). This is an area we need to improve on to ensure students pass their Keystone in accordance with Act 158 requirements.

The alternate pathways will be challenging for our students so the best option for us to ensure as many pass their Keystone exam as possible to eliminate the need to utilize one of those pathways and that will include improving the performance of those re-taking the exam.

| Challenges   | Discussion Point   | Priority for Planning |
|--|--|-----------------------|
| Overall student achievement on PSSA / Keystone across all grade groups.  | While we are above the state average in most categories, we are still aiming to see more students reaching proficiency on these exams.   | ✓                     |
| Keystone Algebra - 21.1% of retesters scored proficient/advanced (state average was 14.7%) while 21.7% of special education students scored proficient/advanced (state average was 7.8%) | The alternate pathways will be challenging for our students so the best option for us to ensure as many pass their Keystone exam as possible to eliminate the need to utilize one of those pathways and that will include improving the performance of those re-taking the exam. |                       |
| During the pandemic, ELA and Math took time away from Science. We are now seeing our scores trend higher as in past year prior to the pandemic and academic recovery years.              | With the adoption of new Science standards by PDE we will need to adjust our practice to implement the new curriculum.   |                       |
| We are currently in search of a systematic, spiraled science curriculum with a strong engineering component.   | With the adoption of new Science standards by PDE we will need to adjust our practice to implement the new curriculum.   | ✓                     |
| Although our menu of tier 2 and 3 interventions continues to increase, we continue to see a higher and higher need among our very young students for interventions.                      | Pandemic did not help this. Our transient population is also impacting the amount of need we're seeing here.   |                       |
| The severity of mental health concerns among our young learners keeps increasing.  | This is also true of our Secondary learners. We're seeing anxiety and depression in our students.  |                       |

| Challenges  | Discussion Point   | Priority for Planning |
|---|--|-----------------------|
| Proficient or Advanced on ELA PSSA  | We're closer to back on track post-pandemic but not quite there yet, esp. with our economically disadvantaged and our learning support students.   |                       |
| Proficient or Advanced on Math PSSA   | We're closer to back on track post-pandemic but not quite there yet, esp. with our economically disadvantaged and our learning support students.   |                       |
| Our district is seeing a rise in transient students moving into our district with IEP's. They have not had the privilege of our strong pre-k, strong Core curriculums, and systemic MTSS system.  | This is impacting at the secondary level as well so it's worth looking at the ways in which we can address some of these needs there.  |                       |
| Behavioral support services for emotional support students.   | As we bring more students back into our building from outside placements, we'll continue to see a need for support services.   |                       |
| Establishing an effective MTSS program at the secondary level to support students academic and behavioral goals. Intervention is challenging in the high school setting. At present, we do not have the staffing to accommodate intervention similar to the elementary school. And MTSS program at the secondary level would also assist the district in supporting our transient population. | We have seen evidence of a strong MTSS system implemented with fidelity and its impact on learners at our elementary level. Our secondary level tends to be reactive to problems instead of proactive to address potential problems before they arise. We don't currently have the staff to provide the same level of support as at the elementary, but there are some Tier I and II level supports we can definitely implement. We believe this will also help us better address the needs of our transient students. | <b>✓</b>              |
| Industry-based learning   |  |                       |
| Keystone Biology - 40.6% of first-time testers  | The alternate pathways will be challenging for our students so   |                       |

| Challenges   | Discussion Point  | Priority for Planning |
|--|---|-----------------------|
| scored proficient/advanced (state average was 48%); 6.7% of resters scored proficient/advanced (state average was 12.4%)       | the best option for us to ensure as many pass their Keystone exam as possible to eliminate the need to utilize one of those pathways and that will include improving the performance of those re-taking the exam. |                       |
| The number of student eligible to take the NOCTI is extremely low.   | NOCTI provides our students with career readiness skills and an additional pathway for graduation through Act 158.  |                       |
| There exists a need to integrate career lessons in to existing curriculum to ease burden on the school counselor.              | We have on counselor PK-6 and one 7-12 to handle counseling & emotional needs as well as academic and college/career readiness.   |                       |
| We are in need of instruments to support the growing band participation and support our goal of 25% increase in participation. |   | ✓                     |

# PROFESSIONAL DEVELOPMENT PLANS

| Professional Development Step Audience                | е   | Topics of Prof. Dev               |
|---|---|-----------------------------------|
| -   | All teachers holding certificates in Special Education, Structured Literacy ESL, Reading Specialist, and Elementary (K-6, PK-4, 4-8). |                                   |
| Evidence of Learning                                  | Anticipated Timeframe   | Lead Person/Position              |
| Teachers will implement structured literacy practices | 08/21/2023 - 06/30/2026   | Amanda Stoudt, Reading Specialist |

#### **Danielson Framework Component Met in this Plan:**

### This Step meets the Requirements of State Required Trainings:

1b: Demonstrating Knowledge of Students

Structured Literacy

1e: Designing Coherent Instruction

1c: Setting Instructional Outcomes

3b: Using Questioning and Discussion Techniques

3c: Engaging Students in Learning

1a: Demonstrating Knowledge of Content and Pedagogy

-----

| Professional Development Step   | Audience  | Topics of Prof. Dev                              |
|---------------------------------|---|--|
| Multi-Tiered Systems of Support | All 7th-12th grade teachers and paraprofessionals | MTSS Framework, expectations for implementation. |

| Evidence of Learning                           | Anticipated Timeframe   | Lead Person/Position                       |
|--|-------------------------|--|
| Teachers will utilize the framework to support | 08/21/2023 - 06/30/2024 | Kyle Brown, Director of Special Education. |
| students.                                      |                         |  |

This Step meets the Requirements of State Required Trainings:

3e: Demonstrating Flexibility and Responsiveness

1b: Demonstrating Knowledge of Students

2a: Creating an Environment of Respect and Rapport

2d: Managing Student Behavior

| Evidence of Learning  | Anticipated Timeframe   | Lead Person/Position  |
|---|-------------------------|---|
| Teachers will implement phenomena-based approach to lesson design, 3-D teaching principals. | 01/01/2023 - 06/30/2026 | Kelly Concini, Supervisor of Instructional<br>Technology & Curriculum |

#### **Danielson Framework Component Met in this Plan:**

#### This Step meets the Requirements of State Required Trainings:

3b: Using Questioning and Discussion Techniques

3d: Using Assessment in Instruction

1e: Designing Coherent Instruction

1d: Demonstrating Knowledge of Resources

1f: Designing Student Assessments

1a: Demonstrating Knowledge of Content and Pedagogy

1c: Setting Instructional Outcomes

| Professional Development Step | Audience           | Topics of Prof. Dev  |
|-------------------------------|--------------------|--|
| Instructional Excellence      | All teachers PK-12 | Supporting the needs of all learners in inclusive classroom, instructional best practices, assessment. |

| Evidence of Learning  | Anticipated Timeframe   | Lead Person/Position                         |
|---|-------------------------|--|
| Teachers will implement best practices in their instructional practice. | 08/21/2023 - 06/30/2026 | Kyle Brown, Director of Special<br>Education |

| Danielson Framework Component Met in this Plan:     | This Step meets the Requirements of State Required Trainings: |
|---|---|
| 1b: Demonstrating Knowledge of Students             | Teaching Diverse Learners in Inclusive Settings               |
| 1c: Setting Instructional Outcomes                  |   |
| 3a: Communicating with Students                     |   |
| 3c: Engaging Students in Learning                   |   |
| 1a: Demonstrating Knowledge of Content and Pedagogy |   |
| 2b: Establishing a Culture for Learning             |   |
| 3d: Using Assessment in Instruction                 |   |
| 1e: Designing Coherent Instruction                  |   |

# **ADDENDUM D: ACTION PLAN COMMUNICATION**

| Measurable Goals  | Action Plan<br>Name                   | Communication<br>Step   | Anticipated<br>Timeline        |
|---|---------------------------------------|---|--------------------------------|
| Given professional development, resources, and support, our Junior/Senior High School will implement an MTSS program. (MTSS)  | Multi-Tiered<br>Systems of<br>Support | Plan for Implementation (including Needs Assessment), create MTSS committee, develop procedures & norms for data collection and analysis. | 2023-07-01<br>- 2023-12-<br>31 |
| Given professional development, resources, and support, science teachers will examine and implement the new science standards and 3-Dimensional teaching practices. (New Science Standards)         | STEM                                  | Current Curriculum Audit & Alignment to new standards.  | 2023-07-01<br>- 2024-06-<br>30 |
| The district will complete a comprehensive review of the articulation of curriculum from kindergarten through 12th grade and begin the process of revisions/updates to the curriculum. (Curriculum) | Curriculum & Instruction              | Review of curriculum articulation K-12  | 2023-07-01<br>- 2026-06-<br>30 |
| The district will expand internship and apprenticeship opportunities for students by  | Career                                | Increase student  | 2023-07-01                     |

| Measurable Goals   | Action Plan<br>Name  | Communication<br>Step   | Anticipated<br>Timeline        |
|--|----------------------|---|--------------------------------|
| 25%. (Career Readiness)  | Readiness            | participation in apprenticeship and internship programs though our approved programs.       | - 2026-06-<br>30               |
| We will increase parent engagement in the learning process through online and face-to-face interactions. (Parent Engagement) | Parent<br>Engagement | Set up online registration of new students & emergency card online portal for all students. | 2023-07-01<br>- 2024-06-<br>30 |

# **COMMUNICATIONS PLAN**

| Communication Step                    | Audience                   | Topics/Message of Communication              |
|---------------------------------------|----------------------------|--|
| STEELS Standards & Assessment Updates | School Board of Directors, | Changes to new Science (STEELS) Standards,   |
|                                       | Public                     | changes to PSSA/Keystone Biology assessment, |
|                                       |                            | changes to curriculum.                       |
|                                       |                            |  |

| Anticipated Timeframe  | Frequency                        | Delivery Method                          |  |
